Just when you thought it could not get any better, we introduced the first suite named Rockstar to our collection. Step inside and discover more than 800 square meters of standout design

Entrance

At first glance, you know this suite is special. Custom branded doors and a personalized room number set the tone. As you walk through the entrance, illuminated by a chandelier made of gold microphones, your attention turns to a display window featuring the Harley Davidson “Hollywood Taxi” motorcycle. We know it can feel overwhelming at first, so we placed a comfortable bench directly in front for you to take it all in.

If you are still catching your breath, that is only the entrance. The rest of the suite features iconic memorabilia throughout. The space lets you live like a true rock star.
